GMOs: Progressing the Conversation

Our 2016 Circumnavigator Scholar, **Tara Mittelberg** will present the results of her world-wide twelve week research project examining how the pros and cons of GMO technology are playing out around the world from the viewpoints of farmers, researchers and producers. Tara traveled to Argentina, Brazil, South Africa, Ghana, Malaysia and the Philippines during her study. Having analyzed her field research, she will present her results to us from this unique project.

Tara, a lifelong environmentalist, is a senior at Northwestern's Weinberg School majoring in environmental and international studies. She is well versed in the issues of raising food crops, including the discussion surrounding GMOs through her education, travels and family farm experience.

When: Sunday, 7 May, 2017

12:30 - 1:30PM Buffett Brunch (cash bar is available)

1:30 - 2:00PM Business meeting & guest introductions

2:00 - 3:00PM Tara Mittelberg presentation (NU students are invited free to the lecture)

Where: KOI Restaurant at 624 Davis Street, Evanston, IL

Directions: Davis Street is 2 blocks south of NU's campus. KOI is between Chicago & Orrington streets.

Parking: There is no charge for street parking in Evanston on Sundays. Street parking should be plentiful & there is a public parking garage 2 blocks west of the restaurant.

Cost: \$40 per person (\$35 if paid in advance by 30 April). NU students are invited free to the lecture.

PLEASE RSVP by 30 April to Barb Franch, 117 Seminole, Elmhurst IL 60126-3972.

Email: bjfranch@sbcglobal.net; phone: 630-782-6631.

Make check payable to Circumnavigators Club, Chicago Chapter

After 30 April, reservations will only be accepted on a space-available basis (please RSVP before then). Cancellations will generate a charitable contribution to the Foundation for future scholars.
