

Circumnavigators Club of Chicago

Meet Vivica Lewis, 2022 Scholar

Vivica's project: **Birth Control Bans to Contraceptive Care** investigated historical restrictions regarding contraceptives and compared them with modern-day cultural practices, access, and education throughout Buenos Aires, Argentina; London, United Kingdom; Dublin, Ireland; Paris, France; and Singapore.

Vivica is a fourth-year student studying sociology and global health studies at Northwestern University and a graduate student in the Master of Public Health (MPH) program at Feinberg School of Medicine. Her experience as a health educator, work as a sexual health education intern in the Office of Student Health and Wellness for Chicago Public Schools, and fierce reproductive justice advocate inspired her to craft this project.
